LEGISLATIVE COUNSEL'S DIGEST

AB 102, Committee on Budget. The Taxpayer Transparency and Fairness Act of 2017: California Department of Tax and Fee Administration: Office of Tax Appeals: State Board of Equalization.

(1) The California Constitution provides for the establishment of the State Board of Equalization and requires the board to consist of 5 voting members, consisting of the Controller and 4 members elected for 4-year terms by the voters of an equalization district. Existing constitutional law prescribes the board's duties, powers, and responsibilities regarding the review, equalization, or adjustment of property tax assessments; the measurement of county assessment levels and adjustment of secured local assessment rolls; the assessment of pipelines, flumes, canals, ditches, and aqueducts lying within 2 or more counties and of property owned or used by regulated railway, telegraph, or telephone companies, car companies operating on railways in the state, and companies transmitting or selling gas or electricity; the assessment of taxes on insurers; and the assessment and collection of excise taxes on the manufacture, importation, and sale of alcoholic beverages in this state.

Existing statutory law prescribes the duties, powers, and responsibilities of the State Board of Equalization regarding the administration of various taxes and fees and generally makes the board responsible for administrative appeals relating to the collection of those taxes and fees and for the administrative appeals of state personal income taxes and corporation franchise and income taxes, which are administered by the Franchise Tax Board.

Under existing law, there is a motor vehicle fuel tax administered by the State Board of Equalization. Existing law, until July 1, 2019, requires the board to annually modify the motor vehicle fuel tax rate on a going-forward basis so that certain changes in that tax and sales and use taxes are revenue neutral.

Existing statutory law authorizes the State Board of Equalization to appoint its secretary and to prescribe and enforce the secretary's duties. Existing law authorizes the board to request the Governor to convert one civil service position of the board into an exempt position appointed by the Governor, obtain copies of licensee photographs from the Department of Motor Vehicles, and to conduct district investigations relating to the laws within the board's jurisdiction.

This bill would establish, in the Government Operations Agency, the California Department of Tax and Fee Administration and would place the department under the control of a director appointed by the Governor and subject to confirmation by the Senate. The bill would also authorize the Governor to appoint a chief deputy director and a chief counsel.

This bill would transfer to the California Department of Tax and Fee Administration the various duties, powers, and responsibilities of the State Board of Equalization relating to the administration of various taxes and fees except for those duties, powers, and responsibilities imposed or conferred upon the board by the California Constitution, as specified, and the duty to adjust the motor vehicle fuel tax rate for the 2018–19 fiscal year. The bill would, for these purposes, also provide for the transfer to the department of the board's employees serving in civil service, the rights and property of the board, and the board's funding, as provided.

This bill would authorize the California Department of Tax and Fee Administration to adopt regulations, including emergency regulations, necessary or appropriate to carry out these provisions. The bill would authorize the department to conduct certain inspections and examinations related to the administration of the taxes and fees under its jurisdiction. The bill would prohibit the director, the chief deputy director, and the chief counsel from divulging information concerning the business affairs of companies reporting to the department and would make it a crime to violate this prohibition. By creating a new crime, the bill would impose a state-mandated local program.

This bill would rename the secretary of the State Board of Equalization as the executive director and would specify that the board retains the authority to appoint the executive director and prescribe and enforce his or her duties. The bill would require each member of the board elected by the voters of an equalization district to have only one office in Sacramento and one district office. The bill also would require each member of the board elected by the voters of an equalization district to have 2 staff persons who are exempt from civil service and other civil service staff persons, as specified. The bill would require board member procurements to be processed through the Department of General Services. The bill would repeal the authority of the board to request that the Governor convert one civil service position of the board into an exempt position, to obtain copies of licensee photographs from the Department of Motor Vehicles, and to conduct district investigations. The bill also would restrict ex parte communications in relation to a board adjudicatory proceeding.

This bill would make these provisions operative on July 1, 2017.

(2) This bill would establish in state government the Office of Tax Appeals and would place the office under the control of a director appointed by the Governor and subject to confirmation by the Senate. The bill would also authorize the Governor to appoint a chief deputy director and a chief counsel. The bill would transfer to the office the various duties, powers, and responsibilities of the State Board of Equalization necessary or appropriate to conduct appeals hearings, except for those duties, powers, and responsibilities imposed or conferred upon the board by the California Constitution, as specified. Within the office, the bill would establish tax appeals panels and would require each tax appeals panel to consist of 3 administrative law judges, as specified. The bill, on and after January 1, 2018, would require the tax appeals panels to conduct, and would prohibit the board from conducting, appeals hearings for those duties, powers, and responsibilities transferred to the office.

This bill would make these provisions operative on July 1, 2017.

(3) This bill would provide that its provisions are severable.

(4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

(5) This bill would appropriate \$5,000,000 from the General Fund to the Office of Tax Appeals for specified administrative costs, as provided.

(6) This bill would declare that it is to take effect immediately as a bill providing for appropriations related to the Budget Bill.

Appropriation: yes.

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Taxpayer Transparency and Fairness Act of 2017.

SEC. 2. The Legislature finds and declares all of the following:

(a) California taxpayers are entitled to a tax administration and appeals process that is fair, transparent, consistent, equitable, and impartial. Such a system is vital for both taxpayers and their businesses as well as the state's ability to pay for public services, including, but not limited to, education, health and human services, public safety, transportation, and the environment.

(b) One of the most fundamental aspects of a good tax system is a fair and efficient appeals process. Taxpayers deserve to have appeals considered by an independent, objective panel with sufficient expertise and a sole focus on tax issues. Any appeals forum must issue decisions in a transparent fashion, relying on well-established precedents in tax law, providing open public access and choice of representation, and building a record that both taxpayers and tax administration agencies can rely upon. It is the intent of

the Legislature that an appeals forum also resolve matters on appeal on a timely basis, for taxpayers and tax administration agencies alike.

(c) The Legislature has passed various measures, commonly referred to as the Taxpayers' Bill of Rights, to ensure that California will continue to protect the rights, privacy, and property of California taxpayers and fee payers during the assessment and collection of taxes and fees and to promote clarity and proper application of the law. As part of those protections, a Taxpayers' Rights Advocate was established to be responsible for facilitating the resolution of taxpayer and fee payer complaints and problems.

(d) As evidenced by a legislatively mandated review of the State Board of Equalization, the Controller's audit of the board, the Legislative Analyst Office's analysis of the board, and ongoing examinations of the board by the Attorney General, the California State Auditor's Office, and the State Personnel Board, the board's operational culture severely impacts its ability to report accurate and reliable information to the public, the administration, and the Legislature.

(e) The State Board of Equalization's current practices support inappropriate interventions by board members in administrative and appeal-related activities, all of which have led to inconsistencies in operations, breakdowns in centralized processes, and activities contrary to state law and budgetary and legislative directives.

(f) The current operational environment has also led to numerous complaints concerning members of the State Board of Equalization and their staff's attempt to influence the audits, investigations, and collections activities of the board's civil service employees.

(g) The State Board of Equalization's civil service employees, who seek to professionally perform their duties according to the law, are handicapped in their efforts to fairly apply the law through the undue influence of elected board members and the staff of board members.

(h) The current system of routine interference by members of the State Board of Equalization or their staff effectively eliminates the board's executive director's ability to, and all of the board's upper management's ability to, effectively and efficiently operate the organization.

(i) Due to the State Board of Equalization's failure to focus on its core responsibilities, significant errors in the board's allocation of sales and use tax revenue among the state, cities, and counties continue to materialize and result in the inability to effectively plan for the provision of public services.

(j) In order to restore the public's trust in the system and provide a work environment that is free from undue influence, it is necessary to enact changes to the State Board of Equalization that put fairness, consistency, and transparency of the tax administration and appeals processes in the forefront.

(k) The California Constitution of 1879 created the State Board of Equalization and granted it constitutional powers to equalize property tax assessment practices across the state. Voters have subsequently expanded the board's constitutional powers to include the assessment of public utilities and the administration of other taxes. The board's successful administration

of these constitutional duties is vital and necessary to the state's economy, taxpayer fairness, and the ability of state and local agencies to pay for public services.

(l) It is in the best interest of the taxpayers, their businesses, and the state to have members of the State Board of Equalization refocus the board's efforts toward its core constitutional responsibilities.

SEC. 3. Section 12803.2 of the Government Code is amended to read:

(c) The Governor may authorize examination of these records and reports by other state officers. In that event, the information obtained by these persons shall not be made public. The Governor, however, may direct that any of the information referred to in this section shall be made public.
